

## **Nottaway Swim Club Policy on Fundraising and Advertising**

### Fundraising and Awareness Campaigns

Any fundraising or awareness activity must be used solely to raise funds or awareness for Nottaway Swim Club (NSC) or Nottaway Swim Team. These activities must be mandated and approved by the pool Board. Any fundraising or awareness activity for any other purpose is not allowed.

### Membership Communications

The membership email, phone and address distribution lists are to be used for pool related correspondence only, such as notices about general pool events and Swim Team communications. The distribution lists are to be used only by the pool board or agent of the board. Communications sent to the distributions lists must be approved by the board. The distribution lists are not to be handed out to any individual or group intending to use it for non-pool communication.

The NSC web site and NSC calling post is to be used for pool related communication only. All posts must be mandated and approved by the Board.

### Advertisements and Notices

As a courtesy to its members, NSC provides a bulletin board in the breezeway for members to post personal advertisements and notices. The Board may deny or remove any advertisements or notices from the bulletin board. (Neither the Board nor the Swim Team management is responsible for any content posted. The content posted does not necessarily reflect the views of the Board, Swim Team or NSC community.)

As a benefit to the membership, NSC allows individuals to offer swim lessons using the pool facilities. These lessons must be approved by the Board as well as the Lifeguard Supervisor. Requests may be submitted to [nottawayswimclub@gmail.com](mailto:nottawayswimclub@gmail.com).

On occasion, the Nottaway Swim Team or NSC may run a fundraiser to benefit the pool or swim team that allows businesses, organizations or individuals to advertise, such as on banners and/or t-shirts. Send inquiries to [nottawayswimclub@gmail.com](mailto:nottawayswimclub@gmail.com).
